Squadron Leader Brickenden

Addresses Co-ordinating Committee

Wing Commander West thanks Vulcan citizens

J. W. Jenkinson of Legion War Services, Outlines Services Rendered

A meeting of the Vulcan Co-ordinating Committee was held in the Legion hall on Tuesday night with full attendance. Squadron Leader Brickenden gave a very interesting talk, liberally sprinkled with humor, on the armed services and the necessity of such services as are rendered by the Legion War Services' Incorporated and the Co-ordinating Committee.

J. W. Jenkinson, the district supervisor of the Canadian Legion War Services, gave a full explanation of just what services are rendered by that organization and also explained how the Vulcan Co-ordinating committee could help in this respect.

The first task proved to be the making of curtains for the two recreational and reading rooms at the airport. Commanding Officer West thanked those assembled and the community for their hospitality in the past, and extended an invitation to the ladies of the committee to visit the airport on Wednesday afternoon for the purpose of choosing the color scheme, and ended by thanking Vulcan citizens in advance for the services they will be rendering to the personnel of the airport in the future.

C. L. Findlay, president of the Canadian Legion, acted as chairman and introduced the speakers. Mayor W. D. Allan, secretary of the Vulcan committee thanked the speakers for their assistance to the committee and assured them Vulcan citizens would do everything possible to make the visits of the airforce as pleasant as possible.

Canadians Fight In Every War Zone

British Only Beginning to Realize Canada's Help in All War Phases

A. C. Cummings, writing in the Southern press, says: "The people of Great Britain are just beginning to realize what they owe Canada in this war."

"Hitherto little has been heard here of the Dominion's war effort, which has been for the average Briton altogether overshadowed by the gigantic plans and projects given out by the United States' highly efficient publicity services."

"Within the past week, however, there has been a sudden realization of what Canada's partnership in the Empire has meant, based on the disclosure that the Canadian Navy is doing splendid work in the Battle of the Atlantic and the Canadian airmen are fighting in every battle zone from the Alaskan islands to Ceylon."

"George Shields' facts and figures as deputy minister of munitions and supply, showing how huge the Dominion aircraft industry has become in two years and how quick is ship construction have made a big impression on the British press. And Air Minister C. G. Power's statement that Canadian airmen are fighting on every air front has been something of a revelation."

On All Fighting Fronts

"The recent decision to make the Canadian units distinctive from the Royal Air Force proper is welcomed here, since it will throw into prominence the extent of Canada's real contribution to the battles of the skies."

"There are Canadian airmen defending Britain, Malta, Egypt, Palestine, Syria, Iraq, Ceylon, India, Australia and Alaska at present."

"The idea also that Canada can send tanks to Russia and launch a good-sized ship every four days has surprised United Kingdom editors accustomed to look to the United States for such achievements."

"But appreciation of Canada's soldiers, sailors and airmen is not confined to the official world."

"The home guard zone commander whose unit underwent a fortnight's training recently with the Canadian troops in Southern England says: 'This is the second time during two years the home guard has had the good fortune of close association with the Canadians. We have had real co-operation, wholehearted understanding and the greatest help from the Dominion troops in improving our fighting efficiency. We have grown to know the Canadian soldiers intimately and have had a full opportunity to judge his character, individually and collectively. And we say we are honored to accept him as a comrade and when the day of battle comes we hope to fight side by side with him. We believe the understanding now existing between our two forces will be of the greatest value when peace comes.'"

GRAND OLD COUPLE CELEBRATE 60th WEDDING ANNIVERSARY

On August 13, Mr. and Mrs. J. S. Vian, old timers of the Vulcan district who homesteaded near Brant in 1904, celebrated their 60th wedding anniversary. They were presented with a bouquet of flowers and a purse of money by their many friends, both young and old. A dainty lunch was served by the ladies in the afternoon.

Mr. and Mrs. Vian have been residents of the Vulcan district for the past 16 years, and were wished many more years together. Relatives in the States were unable to be present, however, Bill and Jerry of the Brant district were here for the special occasion.

Mr. Vian, who is 88, and Mrs. Vian who is 80 years old, are believed to be the oldest couple in Vulcan. Surprising as it may seem, Mr. Vian does his own gardening and chops his own wood. Vulcan residents join their many friends in congratulating Mr. and Mrs. Vian.

They lived in Ohio before coming to Alberta and their family consisted of six sons and one daughter. There are 17 grandchildren and seven great-grandchildren.

Their daughter, Mrs. Bailey is at Fort Benton, Montana, William at Ensign, Jerry of Brant, Ernest of Cold Lake, and Clyde, Ezra and Archie are all in the States.

OUT OF BLACK-OUT

Lac. Monkman, W. G., in writing to Mrs. H. J. Maber, says:

"Thanks you very much for your kind letter which I received a few days ago. I was very pleased to read all the news you included and I am very glad that you ladies are still writing to the boys over here."

"I am in the best of health, as I hope you and Mr. Maber are. We are enjoying lovely spring weather now, and one cannot but admit that England is very beautiful in the spring."

"We are bombing Jerry now, returning three-fold his attacks of 1940. He, of course, is trying reprisal raids and there were plenty of fireworks the evening he bombed Pork. Things are at the turning point now and by the time this letter reaches you, we should definitely be on an upward trend. At least that is my hope."

"With the new airport and the new highway, Vulcan must be taking on a new aspect. Most likely I won't recognize it when I return."

"I haven't as yet met any other Vulcan lads, but I occasionally hear from one or two. Thanking you again for your letter, I remain, Lac. Monkman. W.J."

Rev. Wilmer VanAuken

FORMER U.S. MINISTER BECOMES SKY PILOT

The Rev. L. Wilmer VanAuken, formerly the pastor of the Church of Christ here (Vulcan) and pastor of the Park Ave. Church of Christ at Norfolk, Nebraska, U.S.A., according to the Norfolk Daily News, became a real sky pilot, last Thursday night when he took his first three solo flights as a private student at the Riser Airport there. He now has eleven hours of flying to his credit. Mr. VanAuken after leaving here in the spring of 1941, spent ten months in South Dakota doing evangelistic work, and held a temporary pastorate. He spent several months in the hospital there, but his health is now greatly improved and he passed the Civil Aeronautics physical with flying colors. Beside his regular pastorate in Norfolk, he has his own program over radio station WJAC. He hopes to go far enough in his flying to become a coastal patrol pilot or ferrying planes for the government.

BRITISH SUBMARINE RETURNS TO PORT AFTER PATROL

In the unceasing and all-important battle of supplies British submarines have done and are doing heroic service. They have taken a heavy toll of enemy craft, in addition to carrying out successful surface actions against enemy supply-ports, and even against enemy aircraft. Picture Shows—A British submarine coming along side its parent ship on its return from patrol.

Brief Items of Local Interest

Miss Violet Clifford of Victoria, is holidaying in Vulcan.

A public meeting will be held at Red Cross school on Monday, August 24 at 8 p.m. at which F. D. Shaw, M.P. from Red Deer will speak on the subject "A Review of National Affairs." Mr. Shaw is well informed, and makes his topics most interesting. Rev. E. G. Hansell, M.P., will also address this meeting.

These men are able to give first hand, the highlights of the last session of parliament. Every alert citizen should avail himself of the opportunity to attend.

Carolyn, the eldest daughter of Mr. and Mrs. "Bill" Houlton of Nanton, was thrown from her pony and suffered a broken arm. Dr. Carson reset the fracture.

Donald Mallory, son of Mr. Grant C. Mallory, Kirkcaldy, has been enlisted in the Royal Canadian Air Force at the Calgary Recruiting Centre as a Aircrew W.S. A.C.2 Mallory will commence his air force training at No. 2 Manning Depot, Brandon, Aug. 26th.

Miss Dorothy Carruthers was a week-end visitor to Vulcan.

If the label on your paper does not show August 1942 or later, your subscription is in arrears and we would appreciate an early settlement.—The Vulcan Advocate.

Mrs. T. Kuykendall was a Vulcan visitor last week. On her return to Sundre she was accompanied by Mrs. Kuykendall.

Miss Lenore McLaggan is spending her vacation at the home of her mother, Mrs. A. McLaggan.

Mrs. McLaggan and three daughters, and Mrs. Anna Brooks returned on Tuesday from a ten day trip to Banff.

15 MINUTES FOR CANADA

The National War Finance Committee, in co-operation with the Retail Merchants' Association of Alberta, are putting on a "15 Minutes for Canada" Day on Thursday, September 3. The idea behind this campaign is to stimulate the sale of War Savings stamps.

At the meeting of the Retail Merchants' Association held in Calgary, it was decided that on that date, between 3 and 3.15 in the afternoon, the sale of merchandise would be stopped and nothing but stamps would be sold during that period.

Stamps they will buy in this period will be extras and not part of their regular contribution to the National War effort.

Roy Deal has left for Manitoba where he will be employed.

Miss Jessie Sinclair of Calgary is spending her vacation at the home of her mother, Mrs. E. Sinclair.

Mr. and Mrs. N. L. Richardson and family, were week-end visitors to Macleod at the home of Mr. and Mrs. John Godwin.

Mrs. E. Mills has as her guests, Miss Alice Barnes and Miss Violet Robson, both of Calgary.

Pete and Ross McIntyre hauled in several loads of new barley to the Alberta Pacific Grain Elevator on Wednesday, August 19th. This is the first barley which has been hauled in to Vulcan this year.

Ac2 and Mrs. Les Christensen, and baby daughter, are visiting at the Christensen home at Carmangay.

Mrs. R. L. Elves has returned from a visit to Carstairs.

The J. R. Stein family were high River visitors on Sunday at the home of Mr. and Mrs. H. T. Goodwin.

Mr. and Mrs. J. Gerding Jr. were Sunday visitors to Claresholm at the home of Pilot Officer and Mrs. Robert Ward.

Mrs. G. Clayton of Arrowwood was a recent Vulcan visitor.

Bill Stevenson of Calgary was a week-end visitor at the home of Mr. and Mrs. R. R. Martin.

RED CROSS NOTES

The Red Cross will have a tag day on Saturday 29th when it is hoped a good sum of money will be raised to help buy supplies for the work committee.

A sale of farm produce is also being planned, the date to be announced later.

The work committee made and donated 8 canvas stupe wringers for the hospital at the Vulcan airport. They are also gathering up a quantity of clean, white cotton cloth for use in making mustard poultices, etc.

The following shipment was made to headquarters: 3 scarves. 2 turtle necked sweaters, 4 V necked sweaters, 2 helmets, 2 pairs long stockings for the Women's Auxiliary, 2 cardigans and 1 pair of gloves for the Women's Auxiliary; 1 pair mitts, 12 tuck-ins, 9 hennies, 3 pairs long seamen's socks, 22 pair socks, also 10 refugee bundles consisting of 10 coats, 10 dresses, 10 sweaters, 20 pair socks, 20 pairs panties, 20 nighties and 1 crib quilt.

U. S. Foothold on Solomons

Commandos attack Dieppe

Japs Suffer Defeat in Battle of Pacific Islands; Churchill's Visit to Moscow, Clarifying Conference

Commando troops in Britain raided the Dieppe area in occupied France on Wednesday. The French people were informed by radio that the raid was not a full-fledged invasion. Dieppe is across from Dover. The occupation is in progress. The surprise is that the raid may be a feeler of German coastal defences as a forerunner of an actual second front. It may also be aimed at a knockout of anti-aircraft emplacements and long-range coastal batteries. Dieppe is 33 miles north of Rouen, a channel port and railway junction. A large contingent of armored troops has arrived in Britain from Canada.

Following Prime Minister Churchill's visit to the allied troops at Cairo, which preceded his visit to Moscow there has been a change in desert command. General Alexander "the last man out of Dunkirk," and director of the retreat in Burma, has been named to succeed General Auchinleck. There have been other changes in the far east.

An important event of the past week has been the conference of Premier Stalin and Prime Minister Churchill in Moscow. Another encouraging war development has been the firm foothold established by the Americans on the Solomon Islands in the far Pacific.

Riots still create difficulties in sections of India. The allied forces continue to bomb European points. Russia has lost the Maikop oilfield. President Roosevelt has reaffirmed the aims of the Atlantic charter.

The U.S. marines are reported as well established in the southern-central section of the Solomon Islands despite furious attack from air and sea by the Japs. Shore positions taken by United States have been strengthened. Jap cruisers attempted to destroy the protective ring of U.S. naval vessels that ringed the landing parties but without success. But Japs were forced to relinquish positions they had taken and suffered considerable prisoner loss. There have been heavy air losses.

Since the Solomon battle began, almost two weeks ago, bombers and fighters of the MacArthur command in Australia have been re-enforcing central action by pressing on Jap bases allied to the Solomon Islands. Allied troops are fighting Jap patrols 60 miles from Port Moresby.

Stalin — Churchill
Prime Minister Churchill has returned from a conference at Moscow, in which high ranking generals and the U.S. representative of United States also engaged. Details of the four-day conference are not disclosed, but are regarded as having significance in relation to the war developments.

The Moscow radio issued a statement by Mr. Churchill that the Allies were determined to continue fighting hand in hand until the last remnants of the Hitler regime are smashed.

It is believed that decisions reached may have been an answer to the Soviet cry for "deeds not words." A formula as to how, when and where to open a second front may have been agreed upon.

A speculation is that Britain and United States may have re-affirmed their close friendship with Russia by settling certain questions (1) the invasion of northern Norway; (2) great increase in western air attack on Germany and increase of war materials to the eastern front; (3) invasion of Europe in a series of operations which might strike from Norway to Italy.

Further indications of contemplated second front are the declaration of Gen. Eisenhower that rigorous training is in store for his army, the presence in Britain of Gen. Doolittle the bomber of Tokyo, and the warnings to Britons that they must further tighten their belts to release ships for things more important than food.

Germans Move Toward Oilfields

Russians have announced that Germans have crossed the Kuban river at new points in the Caucasus, but that the Red Army is holding firm round Stalingrad.

The Caucasian city of Maikop is surrendered to the Germans, and this oil loss is a serious blow. Another threat is to the Grozny oilfields. Oil resources at Maikop were destroyed before capture. Russian airplanes operating on the Baltic have raided German bases and ships, bringing costly damage. The threatened Grozny oilfields produce 11% of Soviet oil wealth. The largest Russian oil pools are hidden by 18,000 foot mountains in the Bakou region. It is claimed that the Nazis have seemingly endless reserves to throw into the various sectors.

The Volga river which is Russia's main water way, is considered endangered, and there is the rich area of Astrakhan at the point where the Volga enters the Caspian. Astrakhan is

Farms of West Need 50,000 Harvesters

There will be 50,000 extra hands needed to take off the western farm crop. Saskatchewan estimates 30,000 new workers; Alberta, 12,000 and Manitoba 8,000.

Proposed help includes women, school children and white collar workers, Indians from reserves and Japanese.

In some cities business firms are asked to release as many men as possible, and in some quarters women are appealed for to the number of 300,000. There is a question as to the efficiency of this type of labor, but there are reports of whole towns shutting up shop to help with the harvest.

Along border areas harvest units are likely to move up from south of the border to the Canadian side as the later harvest develops. These units include combines and gangs to man them.

Organization seems to have been most thorough in Saskatchewan where the province is completely zoned.

Although little hope was given that the military would be released, there are apparently quite a number of men arriving home from various branches of the service for harvest work.

THREE DAY CONFERENCE HELD AT RED CROSS

A three-day conference was held at the Red Cross school the week-end of August 7, 8, 9. The districts of Lomond, Reid Hill, Red Cross, Union Jack and Ensign were represented by interested Christian.

Mr. W. D. Laing, pastor of the Bible Institute of the Baptist Church brought the message Friday evening and Saturday morning. Evangelist George Robinson and Mrs. Shatto were the speakers Saturday afternoon. Saturday evening the congregation had the privilege of hearing Mr. A. Ruark, ex-president of the Sexsmith Bible School. Mr. Ruark plans to remain in the district and begin Christian work among the airmen at No. 2 S.F.T.S. Christian prayers are earnestly desired for this work.

Services all day Sunday were very inspirational. Mr. Ruark had charge of the morning Bible class, Mr. Sam Schierman delivered the morning address and Mr. Larson of Ensign brought the afternoon message.

Sunday evening Mr. Cyril Hutchison of Calgary closed the conference with an evangelistic service. Communion was administered to the congregation at the end of the service.

We heartily thank all those who took part and made this conference a real success for the cause of Jesus Christ in our district.

one of Russia's chief food sources and a key to the northern Caspian and the Allied supply route from the Persian gulf.

Indian Riots

Unrest still prevails in India, with the Moslem League secretly meeting to decide whether it should seek partition of India into separate Hindu and Moslem states. A Moslem leader declares that if the British now seek peace with the Hindu-dominated Congress, it will be regarded as betrayal of the interests of the 80,000,000 Moslems who have been "holding out a helping hand to Britain." The Moslems, though minority in Indian population, have contributed a great percentage to the army.

Nationalist newspapers in Calcutta have voted to suspend publication in protest against the latest restrictions imposed by the Government of India. A number of Hindu shops have been closed because of the death of Gandhi's secretary. Closing of shops has been part of the civil disobedience campaign limited, so far, to the Hindus.

Allied Bombing

R.A.F., R.C.A.F. and American fighter planes have bombed Germany and German-held points in Europe. American flying fortresses screened by R.C.A.F. and R.A.F. struck their first bomber blow on Tuesday. The objective was Rouen, and no American plane was lost. Two Canadian squadrons were part of the escort.

In Cairo Sector

Egypt has been receiving substantial re-enforcements, with American fighters said to be arriving there as well as in Iraq.

The aerial ferry across Africa is improving and fighter planes and bombers are expected to be flowing steadily. An attack on a British convoy in the Mediterranean last week, brought down many planes. Although the cruiser Manchester and the aircraft carrier Eagle were lost, the immense convoy arrived safely at Malta with re-enforcements.

Open Letter To All Farmers . . .

Owing to the rubber and gasoline shortage, the Government has requested that all truckers cut their mileage at least 25 per cent.

In order to do this the undersigned oil men kindly request that :

1. Any farmer who has any means whatsoever for doing so, should make every possible effort to pick up his own requirements in the line of gasoline, oils and greases.
2. Anyone who requires delivery of gasoline please give us at least 48 hours notice so that we can build up our loads to full capacity.

Hoping that everyone will co-operate with us so that the government will not enforce more drastic regulations, we remain,

Yours very truly,

C. H. Hoskyn

Space Restriction On Papers Overseas

Public Asked to Send Clippings Instead of Complete Newspapers or Magazines

In order to conserve shipping space for vital war needs instructions have been issued that there must be reduction in the volume of newspapers and periodicals sent overseas. This includes such matter sent to armed forces and civilians in Britain and any point involving trans-Atlantic service. The public is advised that complete newspapers cannot be mailed, but that clippings should be sent instead. News items and other matter of special interest to the recipient may be sent in the form of clippings from the papers which formerly were sent in their entirety.

One can readily understand what an immense volume of newspaper material is going overseas from Canadian people. There are probably few men in the armed forces who are not remembered by their families at home, or else are subscribers to their own home papers. The new restriction affects newspaper offices and individuals in requiring that only clippings be sent out instead of the full paper. But apparently everything possible is being done to conserve shipping space for vital war needs. So everyone will have to concentrate on the news most likely to interest the individual to whom it is being sent. This news should be clipped and mailed.

New Cost of Living Bonus Big Outlay

More Than a Million Extra in Wages to be Raised by Business Men and Employers

As a result of higher cost of living a new wage bonus has been authorized in Canada which will require more than \$1,000,000 extra in wages from employers.

The cost of living index has gone up by 2.4 point since last October. This brings an extra 60 cts. a week for each employee earning \$25 a week or more. Those earning less are paid 2.4% more than their previous earnings.

Church Notes

BETHEL LUTHERAN CHURCH

Divine services are conducted at Prospect Slope school, seventeen miles east of Vulcan, every first, third and fifth Sunday in the month at 10.30 a. m. Sunday school immediately after the service. The members of Bethel congregation cordially invite you to come and worship with them. Rev. F. Ulmer, pastor.

UNITED CHURCH

Morning worship 11 a.m. No evening service in August. Members of His Majesty's forces very welcome.—S. Pike, pastor.

CHURCH OF CHRIST

On Friday evening, Aug. 21, the students of the Daily Vacation Bible school will present a program of what they have learned in their two weeks at this school. It will consist of the choruses and songs they have learned, Bible drills, displays of handiwork and piano solos. Special preparation has been made for this program and we are looking for a good turnout to enjoy it. All the parents and friends of the children and the members of the church are especially urged to attend.

The Lord's Day services will be as usual, with Bible School at 10.30 a.m.; Lord's Supper at 11.30 a.m. Evening service at 7.30 p.m. with Young People's immediately after. Everyone is welcome to these services.

The mid-week meeting is continuing through the summer. Mr. Melvin Breckenridge, principal of Alberta Bible College brought the message last week. The minister will be in charge this week. Come to this meeting for spiritual refreshment and renewal.

GRACE AND GLORY CHAPEL

We are enjoying the presence of the Lord in the services. May we pray that God will give a harvest of souls in the community. We invite the other ministers to pay us a visit. Our interest should be one in the interest of Lost Souls.

Sunday morning 11 o'clock. Sunday night, Evangelistic at 8; Thursday 8 p.m. Bible Study. We are enjoying these studies, bring your bibles.

Saturday 8 p.m. Evangelistic. Come and sing with us. Everyone welcome.

ANGLICAN CHURCH

Canon Winter will be on vacation during this week and there will be no services in St. Aldhelm's church until the Day of Prayer on the occasion of the third anniversary of the declaration of a state of war, Sunday, 6th September.

GOOD DEEDS W. I.

The August meeting of the Good Deeds W.I. was held on Thursday, August 13, at the home of Mrs. E. E. Andrews with 14 members and 5 visitors present. The roll call was answered by "My Favorite Hobby."

Literature sent out by the Salvation Army was distributed to the members. Owing to the absence of Mrs. Montgomery no paper was given. Mrs. Lilly led an informal discussion on First Aid.

Assistant hostesses were Mrs. H. Smith and Mrs. W. Wylie. The September meeting will be held at the home of Mrs. Wylie.

The following is a poem from the Red Cross film "There, Too, Go I." Wherever war with its black woes Or flood, or fire, or famine goes, There, too, go I.

Wherever strength and skill can bring Success to human suffering, There, too, go I. I go wherever men may dare, I go wherever woman's care And love can live

If earth in any quarter quakes Or pestilence its ravage makes My help I give. The cross which on my arm I wear, The flag which o'er my breast I bear, Are but the sign. I am the ambassador for you I do what you would surely do If you were there. Wherever the fires of war burn most fiercely, Wherever suffering is greatest and danger deadliest, There, like the spirit of God upon earth Move the fearless, selfless men and women of the Red Cross.

LADIES' AUXILIARY

The members of the Ladies' Auxiliary to the Canadian Legion, B.E.S.L. held their regular monthly meeting in the Memorial hall.

Business and correspondence were duly dealt with; included in the latter were letters of thanks from boys overseas for cigarettes received. The convenor of parcels reported there were 20 parcels sent overseas in July. A committee was named to purchase two smoking stands to be donated to the Legion lounge room for airforce use. Wool was handed out for the making of sweaters to be sent overseas.

The next meeting will be held August 27th, Thursday evening at 8.30 sharp in the Memorial hall.

KIRKCALDY

Miss Edith Boose of Turner Valley is spending the holidays with her parents, Mr. and Mrs. Boose.

Mrs. Ingram and family of Cayley are visiting at the home of Mr. and Mrs. W. Brinton.

Mrs. Steve Lang and daughters, Valeria, Helen and Margaret were Lethbridge visitors last week.

Mr. and Mrs. D. DeFreece and family were visitors over the week-end at Three Hills at the home of Mr. and Mrs. A. Davis.

Mr. Donald Mallory has received his call and has joined the R.C.A.F.

REID HILL — MILO

Mr. and Mrs. Garnet O'Neil of Crossfield, were week-end visitors at the home of Mr. and Mrs. Alex. Ferngren.

Mrs. T. A. McRae and son Dale, who have spent the past two weeks visiting friends and relatives in the Milo district, returned to their home at Herndon.

Miss Laurine Thomander of the nursing staff of the Royal Alexander Hospital in Edmonton, spent her vacation at her home here.

Mr. Bob Jackson of Vancouver, is visiting friends and relatives in the district.

Mr. and Mrs. Andy Armstrong were Calgary visitors the first of the week. Mrs. Howard Logan of Edmonton is visiting with her sister Mrs. Les Marshall.

Jeanette Osler of the bank staff at Milo, returned from a two week vacation at the coast.

Mr. and Mrs. Putt Holditch of Kimberley, B.C., spent the week-end at the home of Mr. and Mrs. C. J. Northcott.

Mr. Harold Thomander of the Valley, is visiting at his home here.

Miss Mildred Hawkins of the training staff of the General Hospital in Calgary, is spending a few days visiting friends and relatives in the district.

Mrs. Drummond was a Lethbridge visitor at the first of the week.

Mrs. Lloyd Stafford and son, Howard, and Mrs. L. McAllum and daughter, Margaret, of Turner Valley were recent guests at the home of Mr. and Mrs. Pete Bowie.

Mr. and Mrs. Ernie Bowie of Trail, B.C., spent several days visiting friends and relatives in the Reid Hill district.

Mrs. George Fergen and Mrs. Walter Anderson and children of Vancouver, spent a couple of weeks in the district visiting relatives.

WHY COMPLAIN?

People who complain because they cannot get some of the luxuries they enjoyed in pre-war days might do well to remember that our forefathers lived without sugar until the 13th century, without coal until the 14th, without butter on their bread until the 15th, without tobacco or potatoes until the 17th, without umbrellas and lamps until the 18th, without any trains, telephones, gas or matches until the 19th, and without street cars, automobiles or flying machines until the 20th century. All these things may be thought necessary now, but the high cost of living is certainly not reduced by over-indulgence in their use.—E.X.

The World of Wheat

(By H. L. Strange, Director of Crop Testing Plan)

Storage room for this present large crop will be scarce. A preference will certainly have to be given to dry grain simply because it can be handled with less danger of loss from heating. Farmers, therefore, will be well advised not to cut their grain this year until it is fairly well ripe and most certainly not to thrash it until it is thoroughly dry. Those who combine and swath will also, it seems, be well advised to harvest their grain rather over-ripe than to run the risk of having green kernels or green weed seeds present in their thrashed grain, for even a small percentage of green kernels of either grain or weeds can start heating in the grain. Much grain will certainly this year have to be stored on the farms. Grain, therefore, which bin-burns or goes out of condition will be a direct loss to the farmer.

It would appear then that any extra care used this year, to ensure that grain is thoroughly ripe before cutting and thoroughly dry before harvesting will tend to avoid losses to farmers, and will also help in making available more storage room in elevators, because tough grain necessarily takes up more elevator space than does dry grain.

Income Tax is Fair to All

In the fourth year of war, Canada will need almost four billion dollars. This is the equivalent of nearly \$350 from every man, woman and child in the country.

Even with the highest income tax in history, 52% only of the money Canada needs will be raised by taxation. The rest will have to be borrowed by means of War Savings Stamps, Certificates and Victory Bonds.

Starting with the first pay period in September representing September earnings only, your employer is required by law to deduct your income tax from your wages or salary, and send it promptly to the Government. Everybody will pay his share as he goes along.

It's going to be tough . . . but not too tough! Here are some good features:

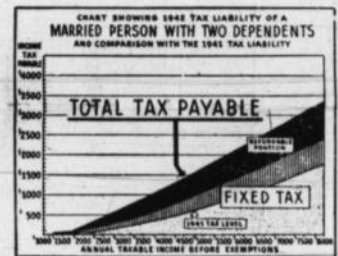

1. You will pay as you earn, so that you will not be faced with a large lump sum payment next year.
2. The National Defence Tax already deducted during the first 8 months of this year has been taken into account in the Table of Tax Deductions.
3. Though the income tax rates show a sharp increase over last year, a large portion of this increase is actually savings, to be paid back to you with interest after the war.
4. The money you are paying for life insurance premiums, annuities, principal repayments on your home, or into a pension fund may be deducted (up to a certain maximum) from the savings portion of your income tax. In many cases this may be sufficient to make payment of the savings portion of the tax unnecessary.

EMPLOYERS
If you have not received your copies of Table of Tax Deductions and Instructions, communicate with the office of your local Inspector of Income Tax at once.

Employers and Post Offices have been requested to display in a prominent place the official Table of Tax Deductions.

Forms TD-1 may be secured from your employer, Post Offices, or local Income Tax offices.

Unless you are single, without dependents, and not making payments of the types mentioned in paragraph 4 above, you should file Form TD-1 with your employer. Otherwise, you may not be allowed the credits to which you are entitled. DO NOT DELAY. File Form TD-1 with your employer at once so that you may get the full allowances from the start.

Food Ministry in Britain

Raises Demand for Bacon

New call proposes greater overseas requirements for 1942-'43 agreement

Will Absorb All That Canada Can Turn Out

Other markets include U. S. needs in Alaska, Newfoundland and British ships

The British food ministry hopes Canada can supply the United Kingdom with 100,000,000 more pounds of bacon than was agreed upon last year. The agreement expiring in October called for 600,000,000 pounds. The new request is for 700,000,000 pounds.

British are said to prefer Canadian type bacon to the American which is heavier. Other demands for Canadian bacon include the U.S. call for bacon for Alaska in order to shorten the haul. There is bigger demand from Newfoundland and England asks that all

British warships landing at Canadian ports be outfitted with the Canadian product.

If all demands from outside are met there is need for 10,000,000 hogs. This may mean increase in prices to the farmer.

The top price under present British agreement is 19.9 cts. a pound.

So far the Bacon Board has discouraged hogs over 210 pounds live weight, but one way to increase production is to permit premium prices on larger hogs.

The argument against heavier hogs is that Britain prefers lean bacon, and that should be maintained to hold the British market after the war.

Agricultural officials see no danger of glutting the hog market, no matter how much production is increased.

There has been consistent increase in hog production in Canada in recent years. In 1938, gradings were 3,245,525. In 1941 the figure was 6,216,000 and in 1942 is likely to be 7,000,000. If the number is increased to 10,000,000 in 1943, it will not be too many according to authorities.

Newspaper Salvage No Longer Needed

Successful activities under National Salvage efforts have eliminated all immediate possibility of shortage of waste newspaper and the public is asked to defer further collection of old newspaper until such time as the supply and demand calls for it.

Though the immediate need of the mills for newspapers has been met, the work of the essential war salvage material such as scrap rubber, scrap steel and metal, rags, wrapping papers, paper and textile bags and bottles.

25 Bus. Average On South Division

The Lethbridge division of the C.P.R. forecasts one of the largest crops in Southern Alberta history. Predictions give average yield round Aldersyde at 35 to 40 bushels; Lomond 25 to 30 bushels; Macleod 28 to 40 bushels, and so on throughout the south.

Estimated oat yields are from 20 to 70 bushels per acre, with a 45 bushel average for the south. Barley may average 35 bushels and flax with average from 12 to 15 bushels.

Prosecutions For Boosting Prices

Consumers Have Proved Their Cases, and Offenders Pay Fines

Swift-Canadian Co. was fined \$1000 and costs in Montreal for selling beef above the price ceiling.

Murray's Lunch Ltd., Montreal, was fined \$500 and costs in June for having sold meals above the War Time prices level.

A consumer in Quebec charged that there has been an increase of 5 cts. a bag in the price of potatoes. Tea sales had been made under this increased price. Fines and costs totalled \$177.

A Chinese laundry in Montreal upped the price of washing and ironing a shirt. The woman who made the complaint advised the Board that the offender had hastily reverted to the basic price, so a warning was regarded as sufficient. Other complaints against laundries have been received, and in cases of proof have resulted in fines.

Consumers who believe that an unjustifiable increase in price has taken place should report by letter to the nearest office of the Wartime Prices Board giving all information. No anonymous complaints will be investigated. Name and address must always be given.

BE A PAL ...
to your
Electric Refrigerator

**DON'T MAKE IT
WORK OVERTIME**

5
Temperature Saving
TIPS that save
Electricity too!

1. Don't open the door more than you have to, as door opening lets warm air rush in and gives your refrigerator more work to do.
2. Don't put hot foods in your cold refrigerator. This frosts it up unnecessarily. Cool foods first.
3. Save on Ice Cubes. You don't need to be stingy, but why empty trayful after trayful before you know your friends want beverages iced.
4. Don't have your refrigerator right next to the range. The cooler the spot the less your refrigerator has to work.
5. Don't let too much frost accumulate before defrosting. The excess frost acts as an insulator and wastes power.

Your electric refrigerator is constructed and mechanically engineered so that it will always maintain the exact temperature required for safeguarding the freshness and nutritive value of your foods. A little co-operation on your part, however, will increase its efficiency, lower its operating cost, and extend its years of service.

*Use
but don't abuse*
VITAL MATERIALS ARE
NEEDED FOR VICTORY

CALGARY POWER CO. LTD.
SERVING ALBERTA

From Our Files

Friday, August 19, 1927

The Simington and Co. store was burglarized that week. The thieves taking about \$40 in cash.

Vulcan students at the Calgary Technical school were Bill Butchart, Boyd McKay and Gordon Clayton.

Mr. McGregor was appointed principal of the Vulcan schools.

Two new elevators were practically completed bringing Vulcan's string up to eight.

Harvesting operations were not expected to start until the first of September.

Wednesday, August 16th, 1922

Mr. Duncan McPherson, former pastor at Reid Hill, was ordained as a Baptist minister at Massena, Iowa.

The price of gasoline dropped a cent and one-half to 46c per gallon. Cutting was expected to start

about August 20th.

H. C. Jacques was holding his close-out sale, prior to moving his business to Calgary.

Thursday, August 19, 1937

Miss Eleanor Jones, who was then in Vancouver, was injured in a motor car accident. Eleven others were also injured.

Harry Roebuck had his forearm badly crushed when it got caught in the gears of combine.

The Berrywater farmers asked the government for a reduction of debt brought about by a plan similar to that of Saskatchewan.

The M.D. of Royal was contemplating holding a tax sale to seize crops for taxes.

Thursday, August 18, 1932

Mr. and Mrs. J. S. Vian were guests at a reception on the occasion of their 50th wedding anniversary.

Miss Elsie Osborne and William Brown were united in marriage on August 7th.

Heavy rains were delaying harvesting operations.

Claims For Bonus To Be Filled Aug. 31

It has been announced that the final date for filing claims for the bonus of \$2 an acre on the basis of wheat acreage that was turned into grass and rye crops in 1941 is Aug. 31. This bonus is payable on the increased acreage of these crops over 1940.

Steps are being taken to rush these payments to farmers who have only two weeks left to file their claims, he said.

The cut-off date for these claims is Sept. 15. While thousands of these W.A.R. claims for the 1942 bonus have been received it appears that a large number still are outstanding.

Study Damage To Alberta Highways

Money Obtained From Licenses and Gas Tax Should Be Spent on Road Maintenance and Repairs

Provincial action is being studied in regard to the damage to highways that has been caused by heavy oil-carrying trucks.

It appears that following the heavy rains in this province the operating of these trucks has eliminated much of the bituminous surface of highways, and some have been reduced to their former gravelled state.

The Alberta Motor Association is watching the situation, particularly in view of reports that highways in some sections have been placed in badly damaged condition.

Recently, it was reported that there were bad pot-holes on some of the main highways, and that there was need of immediate attention on the part of maintenance crews.

Upwards of \$800,000 was voted at the last session of the Legislature for the maintenance of main highways in Alberta. While flood conditions in the High River district last spring are reported to have meant an outlay of \$300,000 for repairs to roads and bridges, provincial officials face the need of putting the provincial highways in good condition.

The A.M.A. has contended that as the Province is collecting millions of dollars in revenue from Alberta motorists each year, in the form of licenses and gasoline tax, this revenue should be spent on highways maintenance and construction, and that any surplus should be invested in Federal war bonds, to be spent on highways when the war is over.

Under the present circumstances, it is essential that attention be given to the preservation and improvement of the highways of this province.

No More Bargain Rates on Railways

After Aug. 31, Reduced Fares Prohibited; But Bargain Tickets Bought Before That Date Honored

Reduced fares on Canada's railroads will be eliminated after August 31, to reduce unnecessary civilian travel.

Effective August 31 this order goes into force but it is said there is no intention of dishonoring reduced fare tickets sold before August 31, with round-trip provisions good for some length of time after that date.

The prohibition applies to reduced fares on trips between eastern and western Canada; between the prairies and the Pacific Coast, and special fares for convention groups.

This discouragement to travel is made in order to conserve steel, oil, coal and such materials.

"Civilian travel is on the increase," said Mr. Howe.

"The traffic now is so heavy that unless voluntary curtailment of conventions and other unnecessary travel proves a sufficient answer, further restrictions may become necessary, so that the war program may not be hindered."

Home Canning Best Safeguard

Preserve Fruits to Fill Up Shortages Found on Store Shelves; B.C. Apple Crop Brightest Feature of Market

The Lethbridge Herald, surveying the fruit market, advises housewives to "can all they can," because there are going to be many shortages on store shelves in the future.

It is said that B.C. Elberta and Haie peaches will be on the market soon. Grape season will commence the last of August with B.C. grapes expected in abundance. Bartlett pears are due now.

If labor is available the B.C. apple crop promises to be double last year for the domestic market.

"An annual supply of sixteen million pounds of canned pineapple was kissed goodbye when the British backed out of Singapore, and coming closer to home the forty-one million pounds of apples which were processed in Ontario in 1941 have been prohibited entirely."

"Regarding the banana situation in this country, Canada imported two and a half million stems of bananas in 1940. The best estimate received so far for 1942 importations is that it will not exceed twenty-five per cent. of that quantity."

Organizing For Harvest Labor

The Department of Agriculture Will Assist in This Plan Of Organization

A plan agreed upon for organizing manpower of the province, has been announced by the Advisory committee on harvest labor.

The unit for local operation is the rural municipality, with secretary-treasurers as contact men. They will be in touch with the Prov. Dept. of Agriculture and the nearest local office of the Unemployment Insurance commission which is in charge of placement. The secretary of the municipality will co-operate with reeve and council to call any necessary meetings. It is hoped that from these meetings a committee will be formed consisting of farmers, businessmen, grain agents, railway agents and those interested in the harvesting of the crop.

The committees will assume certain duties.

(1) They will divide the district into smaller areas, canvassing every farmer in the area and urging him to co-operate fully with neighbors to make most efficient use of manpower and equipment.

(2) They will impress on every farmer that little outside assistance can be expected.

(3) They will canvass the possibility of using high school boys, and go into the practicability of using high school girls from the cities. The type of work into which these young people might fit will be specified.

(4) They will ascertain if the help of Japanese families will be welcomed.

When all this information is obtained it will be tabulated by the committee and passed on to the secretary. He in turn will forward them to the Dept. of Agriculture and the nearest officer of the Unemployment Insurance commission.

It is expected that fullest co-operation will be received from towns and villages.

If it is found that any surplus labor prevails in the municipal district, the secretary-treasurer will be notified.

If it is found that outside help is necessary, the minimum requirements should be advised to the secretary who will advise the nearest office of the Unemployment Insurance Commission.

The Dept. of Agriculture will give every assistance to this plan of organization.

The District Agriculturist will assist in organization with his zone of operation.

It is understood that certain corps troops, veterans guard, etc., will be released for harvest work, but it is expected that the number of those included in this release will be very limited. The provincial dept. of agriculture has made strong representation to federal authorities to release more men on furlough, and to defer the calling up of trainees for 60 days.

The Dept. of Education is willing to defer the opening of school till October if it is established that a sufficient number of high school students can be used to advantage.

The provincial Dept. of Agriculture has expressed readiness to absorb Japanese labor in harvest or dairy farms.

Amongst enemy aliens interned are men who formerly resided in certain districts and are favorably known. A farmer might certify to such a person by letter to the Deputy Minister of Agriculture. Under certain conditions he might be released.

The Right Man In the Right Place

John Martin Associated With The Massey-Harris Advertising Dept. Is Co-ordinator of Advertising

The services of John Martin, for some years past, advertising manager and Public Relations Counsel for the Company, have been made available to the government by Massey-Harris Company, Limited. Mr. Martin has been appointed Co-ordinator of Advertising under the Minister of National War Services.

Mr. Martin is a past president of the Association of Canadian Advertisers and the Advertising and Sales Club of Toronto. In connection with the British Commonwealth Air Training Plan he organized the Department of Public Relations for the R. C. A. F. His lengthy experience in the advertising field will enable him to advise as to the wisest use of available advertising media for campaigns, and the most effective way in which appropriations may be spent.

He will be associated with the Interdepartmental Publicity Committee formed of representatives of all public relations and publicity officials attached to war departments of the Dominion Government. Mr. Justice T. C. Davis, Associate Deputy Minister of National War Services, is chairman of the committee.

Mr. Martin's duties will include advising departments represented on the committee as to the timing of their announcements and as to the media groups to be selected. He will also advise so as to prevent government departments competing with each other for public attention in the same issue of newspapers, weeklies, magazines or the same day on radio time.
